Quadpack introduces the Ice range

Cool glass, a clean silhouette and the perfect dimensions for body care products. Ice is the latest addition to Quadpack's glass catalog, offering an elegant, minimalist base, ready to be decorated.

Available in 100 and 150ml, Ice has a cylindrical shape with a screw-top neck, especially adapted for fluid formulas like tonics, cleansing waters and skin care lotions. Glass offers the perfect inert properties for all types of formulas, with 100% product compatibility.

To personalise the pack, Ice can be decorated using frosting, heat transfer, spray coating, silk screening, hot stamping and metallization. Quadpack can complement Ice with a range of surlyn, wood and aluminium caps, together with spray pump and aluminium collar options to transform the bottle into something unique to a brand line.

--- ENDS ---

About Quadpack Industries SA

Quadpack Industries is an international manufacturer and a provider of enhanced packaging solutions for beauty brand owners and contract fillers. With offices and production facilities in Europe, North America, and the Asia Pacific region and a strategic network of manufacturing partners, Quadpack develops bespoke and customised packs for prestige, masstige and mass market customers.
