Yonwoo's popular Soft Body range expands

Following the success of Yonwoo's Soft Body range, Quadpack has introduced additional pack sizes to enable cosmetic companies to expand product lines. The Soft Body range features rounded, feminine curves and, where necessary, can offer all the protection of Yonwoo's patented airless technology.

The range already comprised an airless pump, a dip-tube lotion pack and airless and standard tubes. Now, a 30ml PP jar, a 50ml airless jar and 100ml and 120ml airless bottles have been added. All have the signature rounded silhouette of the Soft Body range.

With these additions, there is now a Soft Body pack to fit every product. The packs can achieve most brand requirements thanks to a wide range of decoration options.

Soft Body is ideal for cosmetics and skincare treatments that require a premium feel.
