Quadpack Foundation reaches out across the globe

2018 has been a busy year for Quadpack Foundation. Quadpack's charitable arm supports social and environmental projects wherever the company is present in the world, with an emphasis on helping disadvantaged children and young people get a good start in life. Throughout the year, it worked with NGOs in Europe, the US and Asia. Here are the highlights:

Changing Young Lives Foundation, Hong Kong, China

Changing Young Lives Foundation is dedicated to rewriting the life stories of underprivileged children and young people in Hong Kong and the mainland. Quadpack Foundation made donations to the 'Spring Blossom' support programme for girls' education in DongXiang County, Gansu, China, and the 'Discover' initiative to improve early learning opportunities for children from diverse families and cultures in Hong Kong.

Through its mentoring programme, it aims to guide and motivate young people to become college-, career- and life-ready by providing them with the tools to develop self-efficacy, a growth mindset and a commitment to service.
