Multi Stick, the new versatile member of our PCR collection!

Quadpack launches a recyclable stick for solid formulas

Quadpack's packaging range with PCR content has just got bigger. Multi Stick is our latest launch, a stick for solid formulas perfect for sustainable beauty collection. Made entirely in PP, a recyclable material, Multi Stick is available in up to 42% PCR content, making it ideal for brands looking for packaging made with recycled material.

Besides its sustainable features, Multi Stick is a versatile product that serves all cosmetics categories. From sunscreen to deodorants, solid skincare, makeup or fragrance, our multi-faceted stick has a big diameter that is suitable for formulas that need to be spread over a large area of the face or body. Available in 30g and 50g, Multi Stick allows hygienic and easy application.

Meet the other members of our collection with PCR content:

- PET lipstick: Made entirely with recyclable PET and available in up to 100% PCR content, this lipstick is a practical and sustainable option for trendy colour cosmetics brands.
- Simply Top Tottle: Ideal for a wide range of skincare and makeup formulas, this recyclable pack is available in up to 48% PCR content. Flexible and fun, it can be used face up and down.
- Flat Head Round Tube: Available in three different capacities, this recyclable tube can be produced with up to 19% PCR content.
