Meet our Asia Pacific team at Cosmopack Asia!

Stand 3-D14a, Hall 3, AsiaWorld-Expo, Hong Kong International Airport, 14-16 November 2017
The 22nd edition of Cosmoprof Asia will see Quadpack as an exhibitor for the first time, introducing its new Asia Pacific team in the Cosmopack segment of the show. On display will be the finest packaging solutions from Quadpack's portfolio, dressed up to inspire, in a variety of attractive designs.

Quadpack's experts from the Skincare, Make-Up and Fragrance Divisions will also be present to consult on global market, consumer and packaging trends, bringing with them the latest pack stylings from Italian make-up, French perfumery, K-beauty skincare and more.

Among the products on the stand will be packaging solutions from Quadpack's own Q-Line range. These include a host of original designs conceived in-house and manufactured at Quadpack's Manufacturing Division in Europe.

Our award-winning wooden components – crafted at the Technotraf wood factory and finished at the Quadpack Impressions decoration plant – will show how sustainably-sourced wood can add differentiation and a touch of natural luxury. Cap and jar concepts from the Quadpack Plastics injection-moulding plant will also prove how a little creative flair can turn simple items into works of art.

Come and see for yourself. Regional Director Jason Smith and his sales team – Jimmy Kim, Jason Hodson and Kitty Lam – will be happy to meet you!

--- ENDS ---
