## Quadpack launches a recyclable stick for solid formulas

*Multi Stick, the new versatile member of the company's PCR collection*

International beauty packaging manufacturer and provider Quadpack's packaging range with PCR content has just got bigger. Multi Stick is its latest launch, a stick for solid formulas perfect for sustainable beauty collection. Made entirely in PP, a recyclable material, Multi Stick is available in up to 42% PCR content, making it ideal for brands looking for packaging made with recycled material.

Besides its sustainable features, Multi Stick is a versatile product that serves all cosmetics categories. From sunscreen to deodorants, solid skincare, makeup or fragrance, our multi-faceted stick has a big diameter that is suitable for formulas that need to be spread over a large area of the face or body. Available in 30g and 50g, Multi Stick allows hygienic and easy application.

#### About Quadpack

Established in 2003, Quadpack is an international manufacturer and provider of enhanced packaging solutions for beauty brand owners and contract fillers. With offices and production facilities in Europe, the Americas and the Asia Pacific region, and a strategic network of manufacturing partners, Quadpack develops bespoke and customised packs for prestige, masstige and mass market customers. Listed on Euronext Growth in Paris, Quadpack relies on a workforce of more than 600 people to build a more sustainable world. As a registered B Corp, it works to ensure a positive impact on the planet and society and, through the Quadpack Foundation, on the communities in which it is present. #### Legal notice

This document contains forward-looking statements about Quadpack's business, financial data, and events related to the company's prospects. These forecasts can be identified by the use of words such as 'estimated', 'plan', 'expectation' or words with a similar meaning. Quadpack may also make projections in other reports, presentations and press releases. Furthermore, the company's representatives may occasionally make forward-looking statements. These projections are based on current expectations and on certain hypotheses, many of which are beyond the company's control and subject to a series of risks and uncertainties. In the event that any of these risks or uncertainties should materialise or the underlying expectations are not fulfilled, the results or performance of Quadpack may differ (either positively or negatively) from those explicitly or implicitly forecast. Quadpack assumes no obligation to update or revise any forward-looking statements made previously.
