Encapsulating the power of the Australian Bush

Harnessing the powerful ingredients hidden within native Australian plant extracts, Uandi Natural offers a unique range of natural skin care products that help repair and maintain skin, leaving it healthy and vibrant. Uandi chose Quadpack to develop its packaging thanks to the high barrier protection and compatibility that the latter could offer.

Uandi means 'beautiful' in the Australian dialect of the Noongar language and symbolises what the company strives to achieve through its products. The potent formulas of its new SPF15 Facial Moisturiser and Age-Reversal Cream benefit from the protection of Yonwoo airless technology, in the Jumbo packs developed by Quadpack.

Ideal for natural and organic ranges, the Jumbo series prevents external contamination and oxidation by sealing the formula in an airtight environment. Uandi Natural's Age-Reversal Cream uses a formula that contain vitamin A, C and E, wheat protein, rosehip and evening primrose oil, while its Facial Moisturiser is rich in nurturing ingredients and provides daily sun protection.

They are contained in 30ml and 50ml Jumbo packs. The attractive decoration – achieved through two-colour silk screening with a hot-stamped band – emulates Aboriginal art, bringing to mind the native bush plant wisdom that underpins Uandi Natural's range.
