Stylish Yonwoo collar pumps for QMS Medicosmetics

Quadpack has produced two stylish collar pumps for German cosmetic company QMS Medicosmetics. Instant perfection and Cellular Alpine anti-ageing treatments are packaged in 15ml silver metallised collar pumps with rim base. Both feature Yonwoo airless technology to protect the advanced formulas from external contamination.

Instant Perfection is an 'intelligent emulsifier' that stimulates and revitalises skin and reduces fine lines. This fresh and light serum is absorbed extremely quickly and is invisible on the skin.

Cellular Alpine plumps up tired skin area around the eyes and prolongs the youthful radiance of skin. The age-defying treatment has featured in Vogue and Tatler.

Quadpack colour matched the bottle, applied a shiny silver metallisation on the cap and silk screened the graphics to tie in with the brand identity – QMS blue and grey on white for Instant Perfection; white on black for Cellular Alpine. The result is a clean, elegant look that inspires consumer confidence.
